Why Hindi Commentary sucks !!!

Intro:

[Adit watching matching and Siddhu + Akash commentary stucks in]

Nahi isse pehle aap ko ki mein konsi stand up comedy dekh raha hu.....toh yeh koi stand up comedy nahi hai.
Aur han yeh koi Muishara bhi nahi hai.....Yeh actually mein cricket match hai !!!!
Han bilkul sahi suna.....Ek cricket match jise Hindi commentary mein dekhne se aisa lag raha hai ki mein koi mushaira ya phir koi stand up comedy dekh raha hu. But yeh sirf Hindi commentary ke saath hi kyu hai?

Cricket !
Ek aisa sports jo ki apne culture se jyada apne moments ke liye jaana jata hai. Phir chahe woh koi tagda record ho ya phir India ka world cup jeet jana.. Har cricket moment jiski vajah se ek indian cricket fan banta ha...usme sabse bada

haath commentary ka hota hai. Aur aisa ho bhi kyu na.....Commetators ka us live moment mein kiye gaye woh kuch shabd us moment ko kitna iconic bana dete hai woh koi bhi calculate nahi kar sakta hai.
[JUMP TO ENGLISH COMMENTARY MOMENTS ON SACHIN TENDULKAR AND INDIA WINNING THE WORLD CUP]

Lekin aisa kyu hai ki yeh sab keval English commentary ke liye valid hai? 💔
Aur jab baat hindi commentary ki aati hai toh jis language mein ham sabse jyada comfortable hote hai usi se nafrat honi lag jati hai. Criticism se lekar hatred tak sab emotions nikal jaate hai lekin tab bhi Hindi commentary improve nahi hoti hai.

Toh aisa kyu hai ki jis desh mein cricket sabse jyada popular hai usi bhasha mein commentary sabse worst banti jaa rahi hai.
Aur kya language ki vajah se hai ya phir broadcasters aur trp laane ke liye chakkar mein Hindi commentary ko bali pe chadaya jaa raha hai !

Evolution of Cricket Commentary 📻

Ab jab Hindi commentary mein kamiya nikalni se pehle hume yeh pata hona chaihye ki aakhir commentary itni important kyu hai. Kyu aakhir log commentary ke saath cricket dekhna pasand karte hai?
Toh agar hum shuruwaat se shuru kare toh era aata hai 1920s ka....ha jab commentary ki actual shurat hui thi. Ek aisa samay jaha pe TV utne nahi the jisse jyada radios the. Aur yeh wahi era tha jab Commentary apni peak pe thi. Kyuki jaha pe ek taraf log match ko dekh nahi sakte the vahi pe sirf english ya hindi commentary sunke pure match kon experience kar lete the. Yeh wahi time tha jise hamari generation ke fathers aur grandfathers ne commentary witness kari thi. Bowling analysis se lekar batsman ne kitni accuracy ke sath konsa shot khela, yeh sab commentary mein pata chal jata tha. Aur ise hum RADIO ERA bhi keh sakte hai.
Richie Benaud , John Arlott aur Tony Cozier jaise commentators ne us era mein raaj kiya hua tha.

The goal was simple :
Ek cricket watcher ko cricket ka game complete tarike se samjha do....
Aur yeh kehna galat nahi hoga ki yeh goal aaj bhi valid hai.
Isliye shayad 2026 aate aate aaj ke zamane mein English commentary Hindi commentary se kafi aage nikal chuki hai.

But jaise ek famous quote hai ki “Eras come to and end”.
Vaise hi Radio era ka bhi end aaya aur early 1990s mein shuru hua Television era...
And yahi woh era tha jab cricket ek passionate sport se ek paisa kamane ki machine banne wali thi...Kyuki yaha se ab cricket mein TV Brodcasters ka rise hone wala tha aur woh dominant banne wale the. Yaani commentary woh same commentary nahi rehene wali thi.

Ab majority janta tv pe matches dekh sakti thi, toh commentators in depth details se shift hokar—> tactical analysis , player psychology , storytelling , aur statsitrics pe shift ho gaye the. Jo ki apne aap mein kafi sahi baat thi. English commentary mein yeh sab elements aane ke baad commentary aur bhi logo ko appealing lagni lag gayi thi.

Arrival Of Hindi Commentary 🛕

Ab cricket aur commentary dono grow kar rahi thi, lekin ek cheez ki kami thi...Radio ke era khatam hone ke baad jo thodi bohot hindi commentary hpoti thi, television era aane ke baad woh bhi khatam ho chuki thi. Lekin as we all know 1992 ke South african series ke rights kharidne ke baad BCCI ka as a board kitna bada rise hua [Video promotionnnnnnn]. Aur aaj BCCI world ka richest board hai. Isi ke chalte early 2000s mein Star Sports , ESPN aur Sony jaise channels ne Had se jyada bani hui cricket kio lejkar hype ko dekhte hue Hindi commentary ko wapas laane ka decide kiya ! Aur yaha se shuruwat hui us commentary ki India mein jise aaj hum khule aam internet pe critisice karte hai.
Ab aisa nahi hai ki Hindi commentary ke aate hi logo ko woh pasand nahi aayi thi, Infact in the early 2000s , upon introducing the Hindi Commentary haamre kafi achche commentators the. Jaise agar mereko kuch obvious

names lene ho toh → Ravi Shastri | Arun Lal | Sushil Doshi aur Maninder SIngh jaise kuch yaadgar commentators is indstry ka hissa reh chuke hai. Na keval unki style of commentary English wali se kafi similar tha, balki unki field placement ko samjhane ka tairka + bowling plans ka discussion sabhi viewers ko kafi pasand tha.
https://www.moneycontrol.com/sports/cricket/ipl/we-will-work-on-it-harbhajan-singh-responds-to-criticism-of-hindi-commentary-in-ipl-2025-article-12976553.html/amp?utm_source=chatgpt.com

But phir entry hoti hai is pure chaos ki main villain “IPL” ki. Aur IPL ke entry hote hi entertainment se lekar Commentary ko puri tairke se change kar diya jaata hai ! Yes I repeat puri tarike se !

Aur yeh kehna galat nahi hoga ki Hindi commentary ko lekar jo ekdum se internet se aayi hai usme bas 2 cheeje involve hai. Ek Navjot Singh SIdhu , aur dusra IPL !

Arrival Of Hindi Commentary

IPL ke cricket mein aate hi cricket cricket nahi raha tha !
Woh ek enterntainment , drama aur cheejo ko promote karne ka sabse asaan raasta ban chuka tha. Aur yahi pe Broadcasters ek baat samajh chuke the → Ki Hindi commentary ek large mass audience ko attract krte hai. Aur aisa ho bhi kyu na....Hindi commentary ke aate hi majority of the Indian cricket fans were watching the Hindi Commentary.

Toh hona kya tha?

Dekhte hi dekhte Hindi commentary ka style puri tarike se change ho gya.

Typical analysis se Entertainment , jokes , punchlines ,aur shyariyo mein commentary shift ho chuki thi. Kyuki ab Broadcasters ko cricket se jyada uske entertainment se matlab tha. Isliye Hindi commentsary woh ban gayi jise aaj hum sunte hai.

Last Chapter : Why is Hindi Commentary Criticized??

Hindi Commentary ko lekar aaj jo hum criticism dekhte hai woh koi random criticism nahi hai. Balki iske pure 5 major factors hai jiski vajah se Hindi Commentary is getting rotten.

1) Overuse of Slang , shayari and wordplay

Hindi commentary ko lekar jo complaint sabse jayda dikhti hai woh hai commentary choodke baki sab bol dena. Jaise koi cricket match nahi balki koi shayri muishara chal raha ho. Jisme sabse jyada critiscice kara jata hai former Indian opener “Navjot SIngh Sidhu”. Jitne Navjot singh siddhu ne apne career mein run nahi banaye hai usse jyada toh unhe social media platform pe apni commentary ke liye galiyan pad chuki hai.
"Gharwali ki tarah pitch ka mood badal sakta hai."
"Ball lagi Ram ko, ghayal hua Shyam."
Yeh kuch phrases hai jo aksar Sidhu apni commentary mein use kar dete hai. Ab in baato ka cricket se toh choodo ek normal context se bhi koi naata nahi hai. Yeh baate ek-2 baar viewer sehen kar sakta hai but aisi baate hi jab commentary ban jaye toh us commentator aur style ka kuch nahi ho sakta . Aur yeh ek baar nahi hai , balki pichle IPL ke dauran jab Sidhu ne commentary mein vapsi ki thi toh show ki TRP aur broadcasters ki vajah se unhone aisi commentary kari ki unhe pure season criticism jhelna pada. Aur yeh baat sab sirf Sidhu pe aake nahi khadi ho jati.

Aakash Chopra → Jo ki Hindi commentary ke best commentator maane jaate hai, kabhi kabhi especially ek highstake IPL matches mein kuch aise slogans , wordplay aur poetic lines boldete hai jiska koi sense nahi banata hai.
“Andre andar gend bahar”.....
Yeh toh bas kuch examples hai.

2) Reduced Technical Analysis

Ab jab commentary bigad hi gayi hai toh jo cheez Hindi commentary mein pehle jaan bhar deti thi woh thi cricket ko leke analysis. Maano ya maano jitna ek cricket fan cricket ko dekhkar us sport ko utna nahi samajhta hai balki

commentary sun sun ke samajh jaata hai. But jab commentary asisi jho rahi ho toh analysis toh choodo , cricket ki normal baat ho jaye toh bhi bohot badi baat hogi. Jaise pehle ke samay mein bowler ke bowling changes se lekar captain ke mindset ki baate hoti thi, aaj vahi sab jokes aur one liner pe aake reh gaye hai. IPL 2025 ke dauran hindi commentary ko lekar debate bhi online tabhi shuru hui thi jab ek fan unke commentary mein kari hui analysis pe sawaal utha diye the.
But lekin Hindi commentators analysis kar dete toh shayad unke broadcasters ki reach woh numbers provide nahi pati jo tab kar rahi thi.

3) Personal Bias and Narrative Building

Ab yeh jo teesra point hai , this might bhi very controversial to u all , but jo hamne past mein witness kiya hai mein woh usi ke absis pe bata rha hu. Agar mein aapse puchu ki english commentary aur hindi commentary major kya farak hai toh aap sabhi log → Analysis aur Jokes wala point bol doge , which is absolutely true. But jo cheez uske baad aati hai woh hai “Commentators ka personal agenda aur unka narrative building” . Past mein aise kai instances hue hai jaha pe hame hindi commentators ka bias kafi jyada saaf saaf dekhne ko mila hai rather than english commentators...
Aur isme sabse bada example hai “Ambati rayadu” !
Vasie Ambati Rayadu jyada kuch commentary mein biasness dikhate nahi hai lekin jab unki ex IPL team , CSK ki hoti hai toh woh apni biasness towards csk rok nahi pate hai. Aapko woh 2024 mein RCB vs CSK ka iconic virtual knockout match toh yaad hi hoga , jaha pe RCB ne CSK ko desried marjin se harane ke baad playoffs mein jagah bana li thi. Us Match mein bhi saaf saaf Rayadu ki biasness dilkh rahi thi kki woh bilkul bhi kush nahi the ki CSK woh match haar rahi ho.

Lekin yaha pe ek important sawaal uthta hai.

Kya Hindi commentary hamesha se aisi hi thi? Kya shuru se hi Hindi commentary ka focus cricket se jyada dialogues, shayari aur entertainment par tha? Sach kahu toh **nahi**. Agar hum thoda peeche jaakar dekhe, especially early 2000s ke time par, toh Hindi commentary ka format kaafi alag tha. Us waqt commentary ka main kaam hota tha viewer ko match ka context

samjhana. Pitch ka behaviour kya hai, bowler ka plan kya hai, batsman kis strategy se khel raha hai — yeh sab cheeze properly discuss hoti thi. Arun Lal jaise commentators Hindi commentary box mein hote the toh woh calmly field placements explain karte the. Maninder Singh spin bowling ke angles aur variations par baat karte the. Ravi Shastri jab Hindi mein bolte the toh unka tone bhi analytical hi hota tha. Matlab language Hindi thi...lekin **content pure cricket ka hota tha**. Isliye agar aaj koi yeh bole ki Hindi commentary hamesha se kharab thi, toh woh completely sahi baat nahi hai. Problem language mein kabhi nahi thi...problem dheere dheere commentary ke **style change hone mein thi**.

Aur shayad sabse important baat bhi yahi hai ki problem Hindi language nahi hai. Problem commentary ka format hai. Agar aap dhyaan se dekho toh Hindi commentators jab TV commentary se bahar YouTube shows ya analysis videos karte hai, tab woh kaafi solid cricket breakdown dete hai. Aakash Chopra ke YouTube analysis videos ho ya Vivek Razdan ke tactical discussions — waha par pitch conditions, bowling plans aur match situations sab explain kiye jaate hai. Matlab clearly cricket knowledge ki koi kami nahi hai. Lekin jab wahi log live broadcast commentary box mein baithte hai, tab unhe ek aisa format follow karna padta hai jaha entertainment ko zyada importance di jaati hai. Aur yaha par broadcasters ka role bhi aata hai. Hindi commentary actually duniya ka **sabse zyada watched cricket commentary feed** hai, isliye broadcasters usse aise design karte hai ki woh maximum audience ko engage kare — especially casual viewers ko jo detailed analysis se zyada excitement aur reactions dekhna pasand karte hai. Toh agar honestly dekha jaye toh yeh Hindi vs English ka debate utna simple nahi hai jitna internet par lagta hai. Real debate actually **analysis vs entertainment** ka hai. Aur jab tak commentary ka focus cricket ko explain karne se zyada viral moments aur punchlines banane par rahega, tab tak Hindi commentary par criticism aata rahega.
